This document is provided as a convenience and not intended to replace the online Provider Finder experience which has greater functionality, more provider and facility information and important disclaimers. For example, if your search is an "All Plan/networks" search and includes providers located in California, this document may contain out-of-network providers.

BlueCross BlueShield of Illinois

Important Information

§This is an accredited freestanding surgery center that performs outpatient procedures, not a hospital. Talk to your doctor about the right choice for your care.

Note: The [Leapfrog] Hospital Safety Grade grades hospitals on data related to how safe they are for patients. For more information, visit www.hospitalsafetygrade.org.

Providers may not tell us right away about changes to their information. To suggest updates to the information that is reflected in our site, such as the doctor has moved to a new location or has a new phone number, please send an email to Provider_Directory_Changes_ILbcbsil.com. You can also call 1-877-269-1244. To contact the Illinois Department of Insurance Office of Consumer Health Insurance visit Contact Us. To dispute charges for Out of Network providers, hospitals or facilities that may have been listed as In Network Providers prior to the provision of care, please follow the instructions on your Explanation of Benefits to appeal a claim. You may also contact the number on the back of your health insurance ID card or file an inquiry through Blue Access for Members.

The results may show Primary Care Physicians (PCP) or other participating providers, including specialists, in the IL HMO Network. An authorization or referral may be required to access some providers, including specialists, under your HMO benefits. Please ensure that the provider you are considering is within your selected HMO medical group or referred by your group. Benefits may not be available to you for non-emergent medical care if you do not receive a referral in advance. Contact your PCP or Medical Group to obtain any needed referrals.

To receive benefits at these facilities, you may need to get prior authorization or a referral from your primary care provider (PCP) or Woman's Principal Health Care Provider (WPHCP). Please consult your PCP or WPHCP regarding access to these facilities.

Your plan may cover Bariatric (Weight Loss), Cancer, Cardiac, CAR-T Therapy, Fertility, Gene Therapy, Knee or Hip Replacement, Maternity, Spine, Substance Use, or Organ Transplant care at a higher level when you use hospitals or facilities that have the Blue Distinction Center (BDC) award. To search for Blue Distinction Centers, use the filter below or call the number on your ID card to learn more.

Provider data changes regularly. These results are accurate as of the date the PDF was created.
